Dear Hiring Manager,

I am writing to express my interest in the Java Developer position, as advertised on LinkedIn. With over 5 years of experience as a Java and Spring Boot developer, along with experience in React, I am confident in my ability to contribute to your team and help drive the success of your projects.

During my tenure as a Java and Spring Boot developer, I have honed my skills in creating robust and scalable applications. I have a proven track record of delivering high-quality software solutions that meet and exceed client expectations. My experience includes designing and implementing RESTful APIs, optimizing application performance, and ensuring the security of web applications. I am well-versed in various Java frameworks and libraries, and I am proficient in using Spring Boot to develop microservices and backend systems.

My proficiency in AWS services enables me to build and deploy cloud-native applications, leveraging the power of cloud computing to ensure scalability, reliability, and cost-efficiency. I have experience in designing and implementing microservices architectures on AWS, which allows for rapid development and deployment of services.

Sincerely,

**Heshan Karunaratne**
